SUMMARY

A software developer with 2 years of professional experience working with numerous clients such as USAA and Fidelity with a focus on designing and implementing efficient and creative solutions to complex software problems.

PROFESSIONAL EXPERIENCE

HCLTech

June 2021 – August 2023

Software Developer

- **Fidelity Client:** Integrated APIs and stored procedures for the purpose of migrating one of their internal tools from PowerBuilder to a web application. The framework I used was Spring Boot and I used numerous tools such as Spring Tool Suite, Postman, and Jenkins to make my workflow much easier.
- **USAA Client:** Monitored Snowflake database tables in the ETL process along with creating SQL reports based on the client's business needs for an anti-money laundering project.
- **Training:** Participated in training such as Java, DataStage, SQL and Snowflake in order to gain more experience in technologies that clients would be using.

PROJECTS

API Service:

Engineered a Spring Boot application that acts as an API service that returns JSON from a database using a Docker container. Later added Swagger API documentation to make it easier for the user to know which API requests were available.

Windows Form Application:

Developed a Windows application using C# that makes an HTTP request to an API service about specific types of restaurants defined by the user and displays the results in a client form.

SKILLS

Creative and ambitious developer with familiarity in the following technologies:

Java, C#, Python, JavaScript, HTML, XML, CSS, SQL, Spring Framework, Spring Boot, API Development, .NET Framework, Docker, Maven, Git

Comfortable with a variety of software related to business and development:

Jira, MS Word, MS Excel, MySQL, SQL Developer, Zoom, Slack, MS Teams, Eclipse, IntelliJ, Visual Studio, Visual Studio Code, Spring Tool Suite

EDUCATION

Texas State University, San Marcos, TX

August 2016 – May 2021

Bachelor of Business Administration, Major in Computer Information Systems

- McCoy College of Business Dean's List 2018 - 2021
- Overall GPA: 3.50 Major GPA: 3.82
